4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

5 Section 1. SHORT TITLE.--This act may be cited as the "General Appropriation Act of 1996".

6 Section 2. DEFINITIONS.--As used in the General Appropriation Act of 1996:

7 A. "agency" means an office, department, agency, institution, board, bureau, commission,
8 court, district attorney, council or committee of state government;

9 B. "expenditures" means costs, expenses, encumbrances and other financing uses, other than
10 refunds authorized by law, recognized in accordance with generally accepted accounting principles for the
11 legally authorized budget amounts and budget period;

12 C. "federal funds" means any payments by the United States government to state government or
13 agencies except those payments made in accordance with the federal Mineral Lands Leasing Act;

14 ~~D. "full time equivalent" or "FTE" means one or more authorized positions that together
15 receive compensation for not more than two thousand eighty eight hours worked in fiscal year 1997. The
16 calculation of hours worked includes compensated absences but does not include overtime, compensatory time
17 or sick leave paid pursuant to Section 10-7-10 NMSA 1978;~~

18 E. "general fund" means that fund created by Section 6-4-2 NMSA 1978 and includes the
19 severance tax income fund and federal Mineral Lands Leasing Act receipts;

20 F. "interagency transfers" means revenue transferred from one agency to another through
21 contracts or joint powers agreements;

22 G. "internal service funds" means:

23 (1) revenue transferred to an agency for the financing of goods or services to another
24 agency on a cost-reimbursement basis; and

25 (2) unencumbered balances in agency internal service fund accounts appropriated by the

1 General Appropriation Act of 1996;

2 H. "other state funds" means:

7 (3) all revenue, the use of which is restricted by statute or agreement;

8 I. "revenue" means all money received by an agency from sources external to that agency, net
9 of refunds and other correcting transactions, other than from issue of debt, liquidation of investments or
10 as agent or trustee for other governmental entities or private persons; and

11 J. "term position" means a position established for a one-time project or program, with a
12 specific ending date, or a position associated with a nonrecurring or unstable revenue source.

13 Section 3. **GENERAL PROVISIONS.**--

14 A. Amounts set out under column headings are expressed in thousands of dollars.

15 B. Amounts set out under column headings are appropriated from the source indicated by the
16 column heading. All amounts set out under the column heading "Internal Service Funds/Interagency
17 Transfers" indicate an intergovernmental transfer and do not represent a portion of total state government
18 appropriations. All information designated as "Totals" or "Subtotals" are provided for information and
19 are not appropriations.

20 C. Amounts set out in Section 4 of the General Appropriation Act of 1996, or so much as may be
21 necessary, are appropriated from the indicated source for expenditure in fiscal year 1997 for the objects
22 expressed.

23 D. Unencumbered balances in agency accounts remaining at the end of fiscal year 1996 shall
24 revert to the general fund by October 1, 1996, unless otherwise indicated in the General Appropriation Act
25 of 1996 or otherwise provided by law.

1 E. Unencumbered balances in agency accounts remaining at the end of fiscal year 1997 shall
2 revert to the general fund by October 1, 1997, unless otherwise indicated in the General Appropriation Act
3 of 1996 or otherwise provided by law.

4 F. The state budget division shall monitor revenue received by agencies from sources other
5 than the general fund and shall reduce the operating budget of any agency whose revenue from such sources
6 is not meeting projections.

7 G. Except as otherwise specifically stated in the General Appropriation Act of 1996,
8 appropriations are made in that act for the expenditures of agencies and for other purposes as required by
9 existing law for fiscal year 1997. If any other act of the forty-second legislature, second session,
10 changes existing law with regard to the name or responsibilities of an agency or the name or purpose of a
11 fund or distribution, the appropriation made in the General Appropriation Act of 1996 shall be transferred
12 from the agency, fund or distribution to which an appropriation has been made as required by existing law
13 to the appropriate agency, fund or distribution provided by the new law.

14 H. During fiscal year 1997, the department of finance and administration shall prepare and
15 present quarterly revenue estimates to the legislative finance committee. If ~~at any time~~ these revenue
16 estimates indicate that revenues and transfers to the general fund, excluding transfers to the general
17 fund operating reserve, the appropriation contingency fund or the state support reserve fund, as of the
18 end of fiscal year 1997, are not expected to meet appropriations from the general fund, then the
19 department shall present a ~~contingency~~ plan to the legislative finance committee ~~that outlines the methods~~
20 ~~by which the administration intends to address the deficit.~~

21 I. Pursuant to Sections 6-3-23 through 6-3-25 NMSA 1978, the state budget division may approve
22 budget increases for fiscal year 1997 for agencies whose revenue from federal funds, from state board of
23 finance loans, from revenue appropriated by other acts of the legislature, or from gifts, donations,
24 bequests, insurance settlements, refunds, or payments into revolving funds exceed specifically
25 appropriated amounts. Such money is appropriated. In approving a budget increase from federal funds, the

Item	General Fund	Other State Funds	Intrnl Svc Funds/Inter- Agency Trnsf	Federal Funds	Total
1 director of the state budget division shall advise the legislative finance committee as to the source of 2 the federal funds and the source and amount of any matching funds required.					
3 J. For fiscal year 1997, the number of permanent and term full-time equivalent positions 4 specified for each agency shall be exceeded only in accordance with the provisions of the General 5 Appropriation Act of 1996 or other laws enacted by the forty second legislature, second session. The 6 operating budget for each agency shall reflect the number of positions authorized by the legislature.					
7 K. Except for gasoline credit cards used solely for operation of official vehicles and 8 telephone credit cards used solely for official business, none of the appropriations contained in the 9 General Appropriation Act of 1996 may be expended for payment of credit card invoices.					
10 L. To prevent unnecessary spending, expenditures from the General Appropriation Act of 1996 11 for gasoline for state-owned vehicles at public gasoline service stations shall be made only for 12 self-service gasoline; provided that a state agency head may provide exceptions from the requirement to 13 accommodate disabled persons or for other reasons the public interest may require.					
14 M. When approving operating budgets based on appropriations in the General Appropriation Act 15 of 1996, the state budget division is specifically authorized to approve only those budgets that are in 16 accordance with generally accepted accounting principles for the purpose of properly classifying other 17 financing sources and uses, including interfund, intrafund and interagency transfers.					
18 N. Laws 1995, Chapter 30, Section 4 is repealed effective July 1, 1996.
